

Robotics

Problem Sheet 1

Andreas Birk

Notes

The homework serves as preparation for the exams. It is strongly recommended that you solve them before the given deadline - but you do not need to hand them in. Feel free to work on the problems as a group - this is even recommended.

1 Problem

Recapitulate the slides from the introduction.

Remark

The main purpose of this problem sheet is to synchronize the numbering of the lecture parts with the numbering of the problem sheets.
